### About Town.

Ridgewood Avenue needs some  
more gravel.

Mr. A. G. Darwin, of Glen Ridge,  
is now in Chicago on business.

Rev. J. M. Ensslin is quite ill at  
the parsonage on Park Avenue.

Mr. and Mrs. Wey have returned to  
their home at Catskill after a short visit  
here.

The Watessing Base Ball Club will  
play the Bergen Point Club to-day, Sat-  
urday.

It costs less to put city water in the  
house than to dig a cistern, and it don't  
run dry.

Children's Day is also to be observ-  
ed in the First Presbyterian Church next  
Sunday.

Mr. C. Cooper, our genial ticket  
agent, is still confined to his home by  
sickness.

Mr. Townsend has rented the house  
formerly occupied by William R. Weeks  
on Hillside Avenue.

The property owners on Woodland  
Avenue want the town to cut the street  
down. It should be done.

Mr. Corby's quarry is becoming  
quite a hole in the ground and is produc-  
ing, we are told, some fine stone.

Mr. and Mrs. R. G. Thomas and  
family of Brooklyn, are spending the  
month of June at the Park House.

On Wednesday a Son of Mr. Owen  
Patty, on Glen Ridge, was run over by  
a large wagon and severely injured.

The gas mains are now laid on  
Ridgewood Avenue, and the gas lamps  
are in place. Now turn on the gas!

Dr. J. E. Stubbart started for his  
summer home on Tuesday evening, in-  
tending to reach Jacksonville on Thurs-  
day.

Officer Smith brought before Squire  
Hageman the notorious Mary Crogan,  
for disorderly conduct on Thursday after-  
noon.

The Gallagher Estate have rented  
their homestead property to Mr. Brasher,  
from New York, who has moved out from  
the city.

We are told that the surveyors  
met at the house of D. G. Garabrant  
on June 25th, to consider the extension  
of Liberty Street.

Just now it is quite fashionable in  
Bloomfield to put your box of valuables  
under the bed and to sleep with a pistol  
under your pillow.

The Lawn Tennis grounds are in  
fine condition. We understand there  
are to be some interesting tournaments  
during the summer.

The civil case of Contractor Phillip  
Dunigan against builders Keve, Baker  
and Provost, will be tried before Justice  
Hageman on Monday next.

The Commencement exercises of  
the German Theological Seminary will  
take place in Westminster Presbyterian  
Church, Wednesday, June 24th.

The Rev. W. J. Everett, Secretary  
to the Governor of Pennsylvania, pre-  
ached in the Park M. E. Church. He is one  
of the foremost Methodist preachers in  
this country.

On Saturday the Watessing Base  
Ball Club played a match with the Pas-  
saw River Nine in which the Watessing Club  
were defeated to make 17 runs to the  
home nine's none.

Mr. C. R. Bourne has retired from  
the firm of Bourne & Halsey and will  
open a stationery store at No. 100 Wil-  
liam St., N. Y., on July 1st. His pres-  
ent address is 58 John St.

On Monday one more change was  
made in the D. L. & W. Time Table,  
changing the 7:05 P. M. train going east  
to 6:59 P. M. This probably will be  
the last change made for the season.

The union employees of Ellor Bros.  
& Co., after striking and remaining  
"out" for a day returned to work again  
on Thursday, and are now receiving an  
additional two cents per hat to what  
they formerly received.

Children's Day will be observed on  
Sunday in the Park M. E. Church. Exer-  
cises of an interesting nature have been  
prepared, and it is intended to make this

more entertaining than any of the pre-  
vious observances of this Day.

The Orange Water Company has  
laid water mains in Snowden Street,  
Glen Ridge. The Company seems desir-  
ous to accommodate the public in every  
way, and should be encouraged by as  
many connections as possible.

Mr. Mathons Hochstetler and Miss  
Amanda Paul were united in holy mat-  
rimony at the bride's residence, on Lake  
Street, by the Rev. Dr. George Seibert,  
after which a well attended collation  
was served in Metz's Germania Hall.

The "Essex No. 1" held its election  
of officers this week. All the former  
officers were re-elected. The Essex Fire  
Co. elected the following officers: John  
Zabriske, President; G. M. Wood, Vice-  
President; J. W. Langstroth, Secretary.

The citizens of the district known  
as West End have placed a lamp post  
on the path leading from the depot to  
Washington Avenue, improving the  
walk very much, as it was formerly  
rather hard work to find the avenue on  
a dark night.

The gift entertainment of the W. S.  
Pierson Post, No. 58, G. A. R., to be  
held at Weaver's Grove Monday, will be  
a success, judging from the number of  
gifts now on exhibition. The receipts  
from the entertainment will go for the  
benefit of the Post Relief Fund.

The Annual Anniversary Exercises  
of the Westminster Sunday School took  
place last Sunday afternoon and were of  
a most interesting character. Addresses  
were delivered by Rev. Albert J. Mann,  
Rev. S. W. Duffield, and Mr. Charles T.  
White. The church was well filled by  
the parents and friends of the scholars.

### Attacked by a Dog.

About half past six o'clock Wednes-  
day evening, cries and screams aroused  
the neighborhood of Park and Bloom-  
field Avenues, the cause being an at-  
tack by a dog on Geo. Delany, son of  
Mr. Delany, who resides in the old  
Wilde homestead. The boy was quite  
badly bitten in one limb but it is thought  
not seriously. Several neighbors and  
passers by were drawn to the scene by  
the cries of the boy, who was soon re-  
stored to quietness. Dr. Ward was im-  
mediately called in and cauterized the  
wounds; the boy was doing well at last  
accounts.

### Meeting of the Township Commit- tee.

An adjourned meeting of the Township  
Committee was held on Wednesday even-  
ing to complete the organization of the  
Fire Department.

All the members were present except  
Mr. Oakes. A series of rules and regu-  
lations for the government of the depart-  
ment were presented and adopted. Under  
these rules the Committee appoints the  
Chief-Engineer, who selects two As-  
sistant Engineers, subject to the approval  
of the Committee. These officers hold  
their position during the pleasure of the  
Committee.

The Committee takes general control  
over the membership of the department  
and all matters of discipline. The Hose  
Companies are allowed to elect their own  
officers and make their own by-laws.

The membership of Hose Companies is  
limited to thirty, and of the truck com-  
pany to fifty active members.

All apparatus belonging to the com-  
panies is to be placed under the control  
of the committee so long as the company  
remains a part of the department.

Upon the adoption of these rules the  
members of Phoenix Hose Company ten-  
dered their services to the town, and a  
list of their members was presented, and  
they were each appointed as firemen.  
Active Hose Co. of Watessing, also pre-  
sented a list of members, who were also  
appointed as firemen.

Foreman Tower, of the Truck Com-  
pany, stated that he had been author-  
ized to offer the services of the Truck  
Company as members of the department,  
but as some of the rules adopted might  
not be satisfactory to the Truck Com-  
pany he preferred to wait for further  
instructions.

He requested a copy of the rules, and  
the clerk was directed to furnish same  
to him. Mr. Andrew J. Marsh was  
then appointed Chief-Engineer.

On motion of Mr. Dailey, the committee  
passed resolutions expressing the thanks  
of the committee to the Fire Association  
for its services to the town and people  
in procuring means for the extinguish-  
ment of fires, and for the ability which  
they had shown in suppressing such fires  
as have occurred since their organi-  
zation.

The counsel reported that the Supreme  
Court had decided the suit of the town-  
ship against the County of Essex, in the  
matter of the increase of the county tax,  
in favor of the county; and on motion he  
was instructed to take a writ of error to  
the Court of Errors and Appeals.

After some formal business the Com-  
mittee adjourned until Wednesday, July  
1st.

### The Seminary.

The examination for the end of the  
year began at the Seminary on Monday,  
June 18th.

The Annual Sermon will be preached  
on Sunday evening, the 21st.

The Alumni Anniversary takes place  
on Tuesday afternoon of the 23d.

Wednesday, the 24th, is Commence-  
ment Day. The Final Theological Ex-  
amination is in the morning, the meeting  
of the Board of Directors in the after-  
noon, and the Commencement Exercises  
in the evening.

### Daring Burglaries.

Sunday night, during the heavy storm,  
thieves entered the residences of Mr.  
Richard Stout and Mr. John Newton, on  
Franklin Street. They also tried to get  
into Mrs. Farrand's and Mr. Marsh's  
(near Mrs. Cleveland's), but were fright-  
ened away. The thieves, or thief, en-  
tered Mr. Stout's through a second story  
window and succeeded in getting away  
with a suit of clothes, about \$40.00 in  
money, and a set of pearl studs. At  
Mr. Newton's he entered through a  
second story front window, by means of  
a ladder which he had stolen from Dr.  
Kennedy's cellar. Nothing else was dis-  
turbed at Dr. Kennedy's, and at Mr.  
Newton's nothing was taken except about  
\$12.00 in money.

At Mrs. Farrand's the burglar was seen  
at the window by Mr. Skinner, and  
was frightened away. At Mr. Marsh's  
he was also seen, and left without  
securing any plunder. Opinions seem  
to be divided as to whether the work  
was done by a sneak thief or pro-  
fessional house-breaker. The facts  
that in each case the rooms entered  
were usually occupied, and that at  
Mr. Newton's a lamp, always left burn-  
ing in the upper hall, was removed  
and used in the search for money,  
give color to the belief that it was  
not an ordinary sneak thief, as such  
a man would have pilloaged the  
lower parts of the houses, rather  
than subject himself to discovery  
by entering occupied rooms.

### Bicycles.

Zacharias & Smith, at their bicycle  
riding school, Oraton Hall, Newark, N.  
J., have taught a lawyer in New York  
with only one arm, how to ride the  
American Star Bicycle, and have fitted  
a machine to suit him. This gentleman  
has now been riding on the road for sev-  
eral weeks, and reports his having had  
no trouble, in mounting, dismounting or  
riding; and expresses himself as being  
very much pleased with the accomplish-  
ment. They have also, this season,  
taught a young man with a wooden leg  
how to ride, which has been a success-  
ful as the one-armed man. Their school  
is besieged by boys from eight years up;  
also old gentlemen riding the Safety  
Bicycle and Tricycle, and ladies practi-  
cing to ride on the Tricycle. We would  
advise any of our readers who contem-  
plate purchasing either a Bicycle or tri-  
cycle, to call upon Zacharias & Smith,  
and inspect their stock before purchas-  
ing elsewhere.

J. H. COCKEFAIR, Adjt.

To Be Continued Next Week.

AT THE BEE HIVE ONLY.

Our magnificent bargains extended. Com-  
ment on such altogether unequalled values  
is entirely unnecessary, and our low prices  
will unquestionably dispose of a large quan-  
tity. Everything we offer is first class regul-  
stock, goods in full assortments, and no matter  
how great the sacrifice, will not reserve the  
right to sell a certain quantity, but will give all  
unlimited amount. It is hardly necessary to  
remined the public that such magnificent offer-  
ings will draw crowds to our stores, to avoid  
which, an early call will be essential.

L. S. PLACAT,

BEE HIVE.
